**IT That Works Qualifies for New Microsoft Competency Requirements**

IT That Works (ITTW) with regional offices in Bingham Farms, MI and Nashville, TN has been a Microsoft Gold Certified Partner since 2007. This distinction is only awarded to organizations that have demonstrated technical expertise at the highest level as determined by Microsoft benchmarks.

ITTW-South President Jeff Sanford commented, "ITTW has maintained this status as a Gold Partner to ensure that our technicians retain and continually expand their expertise and can then apply that expertise to our clients' needs." He went on to say that beginning in October 2010, The Microsoft Partner Network will be refocused on partners achieving specific competencies.

ITTW has already achieved five of these Competencies: Midmarket Solution Provider Competency, Hosting Competency, Server Platform Competency, Portals and Collaboration Competency, and Desktop Competency. ITTW is also a member of the Small Business Specialist Community. "Pursuing these competencies is part of our commitment to our clients. Many others in our industry do not have these designations," said ITTW-Midwest President Bob Breitman. "Our clients demand and deserve the assurance that their technical needs are met so that their business operations can run seamlessly and effortlessly."

ITTW, a Microsoft Gold Certified Partner, supports clients in the US Midwest and Southern regions through its regional offices in Michigan and Tennessee. ITTW offers the following primary services: "**A Better Outlook**" (Hosted Microsoft Exchange and SharePoint services), "**A Better Tech Support**" (Managed Computer and Network Services), "**A Better Data Backup**" (Managed Backup and Recovery Services), "**A Better Comm**" (Telecommunications and Telephone Solutions), and "**A Better App**" (Hosted Desktops and Applications).
